

Service Portal – SOAP API deprecation

Purpose of the document

This document describes which new REST API's are replacing the old SOAP API's. It also indicates when the old SOAP API's will be deprecated.

Note:

If your enterprise is using the old SOAP API it is very important to adapt your application(s) to support the new REST API(s). At the indicated deprecation date, the old SOAP API will be removed.

SOAP API deprecation

SOAP API – REST API mapping

The following SOAP API procedures have a corresponding REST API available. There is also an indication on when the old SOAP API will be removed/deprecated.

SOAP API		Replacing REST API		Timeplan
Procedure	Request/Query	REST API	Endpoint	Deprecated
AggregatedTraffic	Query	No plans to replace	No plans to replace	TBD
AggregatedTraffic	QueryAverageTrafficUsageHistory	No plans to replace	No plans to replace	TBD
AggregatedTraffic	QueryTopCountryTrafficUsage	No plans to replace	No plans to replace	TBD
AggregatedTraffic	QueryTrafficUsageHistory	No plans to replace	No plans to replace	TBD
DeviceReconnect	Reconnect	Subscription Management	POST /device-reconnect	TBD
ReportDownload	Query	Business Analytics Reports	GET /reports	TBD
SubscriptionManagement	QuerySubscriptionPackages	Enterprise Management	GET /enterprises/{enterprise_id}/subscription-packages	TBD
SubscriptionManagement	QuerySubscriptionPackageChangeBatch	Subscription Management	GET /subscriptions/requests/{requestId}	TBD
SubscriptionManagement	QuerySimResource	Subscription Management	GET /sims/{id} GET /details POST /details	TBD
SubscriptionManagement	QuerySimResources	Subscription Management	GET /sims GET /details POST /details	TBD
SubscriptionManagement	QuerySubscriptionChangeBatches	Subscription Management	GET /subscriptions/requests/{requestId}	TBD
SubscriptionManagement	QuerySubscriptions	Subscription Management	GET /details POST /details	TBD
SubscriptionManagement	QuerySubscriptionsStatusHistory	Subscription Management	GET /subscriptions/{id}/history	TBD
SubscriptionManagement	QuerySubscriptionStatusChange	Subscription Management	GET /subscriptions/requests/{requestId}	TBD
SubscriptionManagement	QuerySubscriptionStatusChangeBatch	Subscription Management	GET /subscriptions/requests/{requestId}	TBD
SubscriptionManagement	RequestSubscriptionChangeBatchClear	No need for replacement	N/A	TBD
SubscriptionManagement	RequestCustomerLabelChange	Subscription Management	POST /custom-fields/requests	2023-Feb
SubscriptionManagement	RequestSubscriptionPackageChange	Subscription Management	POST /requests/package-changes	TBD
SubscriptionManagement	RequestSubscriptionPackageChangeBatch	Subscription Management	POST /requests/package-changes	TBD
SubscriptionManagement	RequestSubscriptionStatusChange	Subscription Management	POST /requests/state-changes	TBD
SubscriptionManagement	RequestSubscriptionStatusChangeBatch	Subscription Management	POST /requests/state-changes	TBD
UsageDataDownload	Query	Business Analytics Reports	GET /usages	TBD

TBD – To Be Decided

SOAP API – Remaining procedures

The following SOAP API's has not yet been replaced and will continue to be supported, for the time being. Replacing REST API's and deprecation date will be communicated later.

SOAP API		Replacing REST API		Timeplan
Procedure	Request/Query	REST API	Endpoint	Deprecated
AggregatedTraffic	QueryTopSubscriberTrafficUsage			
AggregatedTraffic	QueryV2			
BundlePackageManagement	QueryBlockedSubscriptions			
BundlePackageManagement	RequestUnblockSubscription			
ServiceRequestManagement	QueryServiceRequestAttachments			
SubscriptionManagement	QuerySimResourceV2			
SubscriptionManagement	QueryAllContractSubscriptionPackages			
SubscriptionTraffic	Query			
TriggerAlarmsService	ClearAlarmStatus			
TriggerAlarmsService	QueryTriggerAlarms			
TriggerAlarmsService	QueryTriggerAlarmsSummary			
TriggerPackageManagement	AddTriggerPackageToSubscriptionPackages			
TriggerPackageManagement	AddTriggerPackageToSubscriptionPackages			
TriggerPackageManagement	ChangeTriggerPackage			
TriggerPackageManagement	ChangeTriggerPackage_v2			
TriggerPackageManagement	CreateTriggerPackage			
TriggerPackageManagement	CreateTriggerPackage_v2			
TriggerPackageManagement	DeleteTriggerPackage			
TriggerPackageManagement	DeleteTriggerPackageFromSubscriptionPackages			
TriggerPackageManagement	QueryCustomerEmailAddress			
TriggerPackageManagement	QueryTriggerPackages			
TriggerPackageManagement	QueryTriggerPackages_v2			
TriggerPackageManagement	QueryTriggers			
TriggerPackageManagement	QueryTriggers_v2			

API Specifications

For latest API specifications please contact your Technical Solution Manager (TSM) or [technical support](#).

Support

If you need support with using the new REST API's, please contact your Technical Solution Manager (TSM) or [technical support](#).
