Deprecation Information and Important Changes

Date: 2023.06.16

1. API Plan update

Dear Customer,

Recent changes with Aeris IoT Accelerator have accelerated technological advancement and opened new possibilities. To limit user impact, the current API Plan will be revisited and **until further notice the SOAP API deprecations are paused**. Referring to this SOAP API deprecation plan that now are paused until further notice: API deprecations 2023.04.23

Next update will be provided in August.
